Thanks Jason – I also need new links for the BA and EA. When Katy tried to access the documents, they failed.

Thanks,  
Shelly

Shelly –

Thank you for the update from the USFWS and this explains why we were not getting an answer from Marshall. We will stand by on the need for a facilitated review.

We also concur that the USFWS should concentrate on the ESA BA. We will make sure to incorporate any comments that are relevant from their BA review as we complete the NEPA EA.

As I am sure the USFWS is aware, they will get another chance to review the NEPA EA during the agency and public comment review period.

Again thank you for the update.

Jason

Hello everyone – for your visibility, Katy Fitzgerald from USFWS called regarding the EA and BA review. She wanted clarity on which document to focus her time on as part of the consultation process. I recommended that she review the BA. We can then use any comments/updates from her to update the applicable sections of the EA. She still plans to provide comments on the BA by the end of September.

In other news, Marshall Williams has been assigned another project and will no longer be the

POC for USFWS. Our USFWS will be Katy. She has asked that we resend her the link to the BA and EA, as both have timed out for her. If someone from Jacobs could forward me new links, I will provide to her. When asked if she would like a facilitated review of the BA, she said not at this time. She would like to read the document over first and will reach out if the facilitated review is needed.

That's all for now.

Thank you,

Shelly Sugarman
