Description

The company and the ship shall comply with the requirements of the ISM Code. The company should establish procedures to ensure that the ship is maintained in conformity with the provisions of the relevant rules and regulations. The company should ensure: appropriate corrective action is taken. PSCO observed, during an expanded exam, the following: failure of the company and the ship to properly manage failing equipment, to include: INMARSAT-C, emergency fire pump, sanitary accommodations, and maintain proper security records. An external ISM audit is required prior to release from the detention.
