Description

The company should establish procedures to ensure that the ship is maintained in conformity with the provisions of the relevant rules and regulations and with additional requirements which may be established by the company. Due to the deficiencies of a technical and/or operational nature identified below which individually or collectively provides objective evidence or a serious failure, or lack of effectiveness of the ISM code, an external audit shall be conducted by the Flag Administration or the Recognized Organization (RO) before vessel will be released from its detention to determine whether vessel is operating in compliance with the ISM code. A copy of the completed external audit shall be provided for USCG review prior to departure from the port of Mobile.
