Uninspected Tow Vessel Examiner Performance and Qualification Standard

Competency Code: UTVE

References:

- (a) U.S. Coast Guard Sector Organization Manual, COMDTINST M5401.6 (series)
- (b) Marine Safety Manual, COMDTINST M16000 (series)
- (c) Performance, Training & Education Manual, COMDTINST M1500.10C
- (d) Safety and Environmental Health Manual, COMDTINST 5100.47

This Performance and Qualification Standard (PQS) workbook is your On the Job Training (OJT) performance checklist for certification as a Uninspected Tow Vessel Examiner (UTVE). It is your responsibility to document all completed unit training items and keep track of all examinations completed during this process by filling out the Domestic Vessel Examination Log located in appendix C of this workbook.

This qualification is not restricted to any particular rank or rate. Civilian GS employees are also eligible.

This PQS workbook cites SOLAS regulations from the 2009 Consolidated Edition (SOLAS 09). In some cases, the regulations in SOLAS 09 may not apply due to the keel laid date of the vessel. Marine Inspectors must pay close attention to the applicability dates of the SOLAS chapters and regulations when conducting exams to which SOLAS applies.

The following is a brief overview of how this PQS workbook works. On each task card you will find:

1. **Job:** the formal title of the qualification.
Example: "Port State Control Examiner"
2. **Job Accomplishment:** the main deliverable for the qualification.
Example: "Port State Control Examination"
3. **Major Accomplishment:** the valuable products of a job or specialty which collectively make up the job accomplishment.
Example: "Lifesaving Equipment Examination"
4. **Vessel types:** the specific type of vessels within the formal title of the qualification that the task is associated with.
Example: "Port State Control Vessel"
5. **Task:** action to be performed on the job. A unit of behavior which has value for producing major accomplishments/output; has a definite beginning (stimulus); is made up of two or more steps; and results in a measurable output.
6. **Condition:** specifies assistance, aids or constraints the trainee will be given. It states the condition(s)/limit(s) under which the task will be performed.

7. **Standard:** specifications of the levels of accuracy and quality necessary for success, i.e. how well a trainee must carry out the desired performance to complete the task.
8. **Steps:** the sequence of actions required to complete the task.

Ideally, all steps and tasks within the PQS workbook shall be required to be completed prior to obtaining the UTVE competency. With the exception the training prerequisites listed on page (I) and discussed below, the Sector Commander or designee may defer PQS items as authorized by references (a) and (d). If a task is deferred, the reason for deferment must be clearly articulated in both the PQS workbook and the certification letter for record keeping and accountability. Additionally, if a task is deferred that member is not authorized to conduct that specific task.

All tasks and steps must be validated by a certified Verifying Officer (VO). The VO shall observe the successful performance of each task and document such with signatures in the specific task card. VOs must enter their title, name and initials in the Record of Verifying Officer's section before making entries in your PQS workbook.

A Certification Board should only be completed after all tasks and steps are signed by a VO. Upon satisfactory completion of the board, a Letter of Certification/Designation will be issued and the **Unit Training Coordinator should enter the certification in the Training Management Tool (TMT).**

Appendices:

- A. List of Additional References
- B. Glossary
- C. Domestic Vessel Examination Log

Uninspected Tow Vessel Examiner PQS

RECORD OF COMPLETION		
Training Prerequisites	Date	Training Coordinator's Signature
A. Completion of the local Industry Towing Vessel Orientation and Indoctrination		
B. Completion of Industry Indoctrination Workbook		
C. Completion of this PQS Workbook		
D. Successful completion of three verification examinations with a designated Verifying Officer		
E. Successful completion of the final oral qualification board by the unit's Marine Inspector Qualification Board (MIQB)		
Qualification Board Members:		
F. Certification/Designation Letter submitted for approval		
G. Once Certification/Designation Letter is signed, enter competency and certification in TMT		
REMARKS:		

Uninspected Tow Vessel Examiner PQS

Task Number	Task Description	Date Completed
UTVE-PE01	Research vessel details in MISLE (Marine Information for Safety and Law Enforcement) information system	
UTVE-PE02	Coordinate examination with vessel representative	
UTVE-PE03	Schedule vessel examination activity in MISLE (Marine Information for Safety and Law Enforcement) information system	
UTVE-DA01	Examine hull markings	
UTVE-CD01	Examine State Registration	
UTVE-CD02	Examine Certificate of Documentation	
UTVE-CD03	Examine Load Line Certificate	
UTVE-CD04	Examine Merchant Mariner Credentials (MMCs) & Transportation Worker Identification Credentials (TWICs)	
UTVE-CD05	Verify manning on domestic routes	
UTVE-CD06	Verify manning on foreign/international routes	
UTVE-CD07	Examine Federal Communication Commission (FCC) documents	
UTVE-CD08	Examine Drug and Alcohol Program	
UTVE-CD09	Examine Non-Tank Vessel Response Plan (NTVRP)	
UTVE-CD10	Examine ballast water management documents	
UTVE-LM01	Examine log(s) for towline for towing astern	
UTVE-LM02	Examine Radio Logs	
UTVE-LM03	Examine equipment maintenance documents/log(s)	
UTVE-LM04	Examine Garbage Log	
UTVE-LM05	Examine Waste Management Plan & Placard	
UTVE-LM06	Verify firefighting drills and instruction	
UTVE-SD01	Verify Vessel Security Plan (VSP)	
UTVE-SD02	Examine security records	
UTVE-SD03	Examine security equipment	
UTVE-SD04	Examine international security documents (when applicable)	
UTVE-SD05	Evaluate crew's knowledge of security plan	
UTVE-SD06	Examine Alternative Security Program (ASP)	
UTVE-BN01	Examine charts and publications	
UTVE-BN02	Examine radar(s)	

Uninspected Tow Vessel Examiner PQS

Task Number	Task Description	Date Completed
UTVE-BN03	Examine searchlight	
UTVE-BN04	Examine compass/swing-meter	
UTVE-BN05	Examine the electronic position-fixing device (GPS)	
UTVE-BN06	Examine the echo depth-sounding device	
UTVE-BN07	Examine Automated Identification System (AIS)	
UTVE-BN08	Examine radiotelephone	
UTVE-BN09	Examine navigation lights and dayshapes	
UTVE-BN10	Examine sound signaling device(s)	
UTVE-LS01	Inspect Emergency Position Indicating Radio Beacon (EPIRB)	
UTVE-LS02	Examine ring life buoy	
UTVE-LS03	Examine life jackets	
UTVE-LS04	Examine work vest(s)	
UTVE-LS05	Examine immersion suits	
UTVE-FF01	Examine portable firefighting extinguishers	
UTVE-FF02	Examine semi-portable firefighting extinguishers	
UTVE-FF03	Examine high pressure CO2 systems	
UTVE-FF04	Examine clean agent fire suppression system	
UTVE-FF05	Examine fire detection system	
UTVE-FF06	Examine internal communications	
UTVE-FF07	Examine general alarm system	
UTVE-FF08	Examine backfire flame control on gasoline engine(s)	
UTVE-FF09	Examine bilge ventilation for gasoline engine(s)	
UTVE-FF10	Examine fuel shut off valves	
UTVE-FF11	Examine fuel systems	
UTVE-FF12	Examine portable fire pump and equipment	
UTVE-FF13	Examine fire main and fire pump	
UTVE-FF14	Examine fire stations	
UTVE-TT01	Examine terminal gear - towing astern	
UTVE-TT02	Examine towline and terminal gear - towing alongside & pushing ahead	

Uninspected Tow Vessel Examiner PQS

Task Number	Task Description	Date Completed
UTVE-PP01	Examine transfer hose(s)/piping, fittings and containment	
UTVE-PP02	Examine oil transfer procedures and pollution placard	
UTVE-PP03	Examine Marine Sanitation Device (MSD)	
UTVE-PP04	Conduct MARPOL Annex VI Survey	
UTVE-FU01	Issue deficiencies	
UTVE-FU02	Complete MISLE Activity	
UTVE-FU03	Verify deficiency corrections	

Uninspected Towing Vessel Examiner (UTVE)**UTV Examination****Pre-Exam (PE)****Uninspected Towing Vessel**

Task: UTVE-PE01 Research vessel details in MISLE (Marine Information for Safety and Law Enforcement) information system

Condition: *During preparation for examination*

Standard: *At a minimum, the trainee shall display a basic working knowledge of MISLE, Mission Management System (MMS) processes and procedures and ensures vessel particulars matches with the vessel information provided*

- References:**
1. Title 33, Code of Federal Regulations Part 138 Financial Responsibility for Water Pollution & OPA 90 Limits of Liability

Glossary: The following terms are used in this workbook and should be reviewed in order to better understand its contents:

Advise: to counsel or recommend

Assign: to give responsibility, to place under the control of a task

Amend (Modify): to make minor changes in/to

Brief: to give information or final precise instructions

Change: to make different in some particular way

Check: to inspect for satisfactory condition, accuracy, safety or performance

Compare: to examine (two or more objects, ideas, people, etc.) in order to note similarities and/or differences

Communicate: to convey knowledge of or information about: make known

Confirm: to validate, establish the truth, accuracy or genuineness of something

Create: to cause to happen; bring about; arrange, as by intention or design

Discuss: to verbally present a topic in detail for examination or consideration

Determine: to settle or decide by choice of alternatives or possibilities. "Decide" refers to arriving at a conclusion and to pronounce that decision. "Determine" is to settle or decide by choice of alternatives or possibilities and to fix precisely

Endorse: to approve, support or sustain; to sign one's name on a document or other instrument

Ensure: to make certain, to guarantee

Enter: to make a record of; record or register

Evaluate: to determine the significance or worth of, usually by careful appraisal and study

Examine: to look at or consider a thing carefully and in detail in order to discover something about it

Identify: to determine critical or necessary conditions or other factors; to determine the specific model of an item; to ascertain the origin, nature or definitive characteristics of; to recognize or establish as being a particular person or thing

Inspect: to examine officially; to look carefully at or over; view closely and critically

Issue: to serve legally binding federal documentation, notices or declarations to an individual, business or other distinctive entity

Appendix B

Locate: to determine or set the position of; to find

Make: to create or cause to happen

Modify (Amend): to make minor changes in/to

Observe (Witness): to watch carefully

Obtain: to gain or attain

Open: to set in action, begin, start or commence

Prepare: plan, gather and assemble information to produce a document (i.e. COI); to put together, to combine elements and produce a product, to make ready

Provide: to supply or make available

Review: to go over for the purpose of determining correctness or currency; to examine a document or process for accuracy in content and/or format and report errors or updates to the author or controlling authority

Schedule: to appoint, assign, or designate for a fixed time

Update: to bring up to date or make current

Validate: to substantiate accuracy or truth of by comparison or investigation

Verify: to confirm or establish the accuracy or truth of something

Witness (Observe): to watch carefully
