Waterway Suitability Assessment for Expansion of Liquefied Gas Terminals; Houston and Texas City, TX

Today the U.S. Coast Guard (USCG) published a *Federal Register* notice announcing that the Coast Guard Captain of the Port, Sector Houston-Galveston (COTP), has received a Letter of Intent (LOI) and Waterway Suitability Assessment (WSA) from Oil Tanking North America regarding the company's proposed expansion of its Liquefied Hazardous Gas (LHG) facilities in Houston and Texas City, Texas, and increased LHG marine traffic in the associated waterway. The notice informs the public of this action and solicits comments on the proposed increase in LHG marine traffic in Houston and Texas City, Texas.

The notice may be reviewed at <http://www.regulations.gov> docket number: USCG-2012-0640.

For more information, please contact LT Xochitl Castaneda, U.S. Coast Guard, Sector Houston-Galveston; telephone (713) 671-5164, e-mail Xochitl.L.Castaneda@uscg.mil.
