MSIB Cancellation: United States Coast Guard cancels MSIB 025-12

This bulletin formally cancels MSIB 025-12, dated November 27, 2012. The original MSIB solicited public comments on a waterway suitability assessment for the expansion of liquefied gas terminals in Houston and Texas City, TX. The comment period for this assessment closed on December 24, 2012. As the MSIB was intended for a specific project and the comment period has expired, the bulletin is obsolete.
