Pierre, South Dakota 57501-5070

Dear Governor Daugaard:

This is in response to your letter dated April 10, 2018 regarding the Sandpoint Junction Connector Project, which includes BNSF's proposed construction of a second railroad bridge across Lake Pend Oreille at Sandpoint, Idaho.

Thank you for your interest in this project and raising our awareness of its importance to the State of South Dakota and the Pacific Northwest region. We are working closely with BNSF on this project and also coordinating our efforts with the U.S. Army Corps of Engineers, which has permitting authority for a portion of the project, as well. Given the high level of collaboration thus far, we are confident that we can obtain and analyze all relevant information required for the Coast Guard to make a timely permit decision.

Should you or your staff have any further questions, please contact Commander Adam Chamie, Coast Guard Office of Governmental and Public Affairs, at (202) 225-4775.

Sincerely,
