Importance: High

Everyone –

We are having a second meeting this week on Friday, July 27 at 10:00 a.m. PST with the USFWS, IDFG, IDEQ, and Avista to discuss potential projects in the LPO watershed suitable for mitigating the 2.88 acres of permanent nearshore fill associated with the BNSF SJC project.

Please let me know if you are interested in calling in to the meeting; if so, I will set up a conference line.

Thank you,

Diane M. Williams
