

## **Best Practice: Signage**

<b>Category:</b>	Communications
<b>Location:</b>	Puerto Cabello, Venezuela
<b>Date Observed:</b>	December 17, 2004
<b>POC:</b>	Best Practice point of contact & contact information, if available.
<b>WWW:</b>	<a href="http://www.PortWebSite.com">www.PortWebSite.com</a>

**Description:** Signs are color coded and printed in Spanish and English.

**Discussion:** The warning signs throughout the facility are color coded to match security area and printed in Spanish and English.

**Potential Down-side:** None.

**Conclusion:** The signs are highly visible and readily seen from a great distance. Dual languages ensure all persons on the facility can read them and understand them.

**Cost:** The initial cost of the signs would be minimal.
