

U. S. Department of Homeland Security  
United States Coast Guard  
Certificate of Approval

Coast Guard Approval Number: 162.060/16/2

Expires: 01 February 2024

BALLAST WATER MANAGEMENT SYSTEM  
Electrolysis/Chemical Injection

SCIENCO/FAST  
12977 MAURER INDUSTRIAL DRIVE  
SUNSET HILLS, MO 63127-1515

Name of BWMS: inTank BWTS

Capacities: up to 200,000 m3

This is to certify that the above listed BWMS, with the listed treatment capacities, has been satisfactorily examined and tested by Independent Lab DNV in accordance with the requirements contained in 46 CFR 162.060. The system shall be installed and operated in accordance with the inTank Operation, Maintenance, and Safety Manual (OMSM), Rev. G, dated May 10, 2021.

Operational Limitations:

Salinity: Not Applicable  
Water Temperature: Not Applicable  
Hold Time: >24 Hours (minimum may increase depending on TRO average set point)  
Electrolyte Feed Conductivity: >22 mS/cm (minimum salinity varies with temperature)  
Electrolyte Feed Temperature: 0-35° C  
Minimum Average Total Residual Oxidant (TRO): 2-5 mg/L (varies with hold time)  
Minimum Concentration-Time (CT): 120 mg-hr/L

The dosing modules with the "X" suffix (i.e., DM065X) meet the requirements of 46 CFR 111.105 and may be installed in hazardous locations to which it is certified on a U.S. flag vessel. All other components, including other dosing modules (i.e., DM065G) must remain outside of hazardous locations. The "X" dosing modules may be installed in hazardous locations to which they are certified on a foreign flag vessel subject to approval of the foreign administration.

The BWMS must be marked in accordance with 46 CFR 162.060-22. A copy of this Type Approval Certificate shall be carried on board a vessel fitted with the BWMS at all times.

This certificate supersedes Approval number 162.060/16/1 dated September 24, 2020; update approves alternate components.

\*\*\* End \*\*\*

THIS IS TO CERTIFY THAT the above named manufacturer has submitted to the undersigned satisfactory evidence that the item specified herein complies with the applicable laws and regulations as outlined on the reverse side of this Certificate, and approval is hereby given. This approval shall be in effect until the expiration date hereon unless sooner canceled or suspended by proper authority.

GIVEN UNDER MY HAND THIS 23<sup>rd</sup> DAY OF  
SEPTEMBER 2021, AT WASHINGTON D.C.

Chief, Engineering Division  
BY DIRECTION OF THE COMMANDANT

**TERMS:** The approval of the item described on the face of the Certificate has been based upon the submittal of satisfactory evidence that the item complies with the applicable provisions of the navigation and shipping laws and the applicable regulations in Title 33 and/or Title 46 of the Code of Federal Regulations. The approval is subject to any conditions noted on this Certificate and in the applicable laws and regulations governing the use of the item on vessels subject to Coast Guard inspection or on other vessels and boats.

Consideration will be given to an extension of this approval provided application is made 3 months prior to the expiration date of this Certificate.

The approval holder is responsible for making sure that the required inspections or tests of materials or devices covered by this approval are carried out during production as prescribed in the applicable regulations.

The approval of the item covered by this certificate is valid only so long as the item is manufactured in conformance with the details of the approved drawings, specifications, or other data referred to. No modification in the approved design, construction, or materials is to be adopted until the modification has been presented for consideration by the Commandant and confirmation received that the proposed alteration is acceptable.

**NOTICE:** Where a manufacturer of safety-at-sea equipment is offering for sale to the maritime industry, directly or indirectly, equipment represented to be approved, which fails to conform with either the design details or material specifications, or both, as approved by the Coast Guard, immediate action may be taken to invoke the various penalties and sanctions provided by law including prosecution under 46 U.S.C. 3318, which provides:

"A person that knowingly manufactures, sells, offers for sale, or possesses with intent to sell, any equipment subject to this part (*Part B. of Subtitle II of Title 46 U.S.C.*) and the equipment is so defective as to be insufficient to accomplish the purpose for which it is intended, shall be fined not more than \$10,000, imprisoned for not more than 5 years or both."
