

U. S. Department of Homeland Security
United States Coast Guard
Certificate of Approval

Coast Guard Approval Number: 162.060/18/3

Expires: 02 May 2024

BALLAST WATER MANAGEMENT SYSTEM
Filtration/Ultraviolet

Wartsila Water Systems Ltd.
Merchant House
Poole, Dorset BH15 1PH UNITED KINGDOM

Name of BWMS: Aquarius UV

Capacities: 50-1,000 m³/h

This is to certify that the above listed BWMS, with the listed treatment capacities, has been satisfactorily examined and tested by Independent Lab DNV GL in accordance with the requirements contained in 46 CFR 162.060. The system shall be installed and operated in accordance with the Wartsila Aquarius UV Operation, Maintenance, and Safety Manual, Rev. 5, dated December 8, 2020.

Operational Limitations:

Salinity: Not Applicable

Temperature: -2° to 45°C

Hold Time: 36 Hours in Marine Water (>28 PSU)

24 Hours in Brackish Water (>1 PSU and <28 PSU)

72 Hours in Fresh Water (<1 PSU)

UV-Intensity (at 100% TRC): varies with model in parentheses- >494 W/m² (50), >791 W/m² (80), >1235 W/m² (125), >139 W/m² (180), >193 W/m² (250), >258 W/m² (275), >281 W/m² (300), >307 W/m² (375), >342 W/m² (410), >358 W/m² (430), >511 W/m² (500), >252 W/m² (550), >343 W/m² (750), >426 W/m² (850), >502 W/m² (1000)

Note: TRC will decrease at lower intensities.

The UVX models meet the requirements of 46 CFR 111.105 and may be installed in hazardous locations on a U.S. flag vessel. The control panel and power supply must remain outside of hazardous locations. The UVX models may be installed in hazardous locations to which they are certified on a foreign flag vessel subject to the approval of the foreign administration.

The BWMS must be marked in accordance with 46 CFR 162.060-22. A copy of this Type Approval Certificate shall be carried on board a vessel fitted with the ballast water management system at all times.

This certificate supersedes Approval number 162.060/18/2 dated August 17, 2020; updates manufacturer and approves installations in hazardous locations on U.S. flag vessels.

*** End ***

THIS IS TO CERTIFY THAT the above named manufacturer has submitted to the undersigned satisfactory evidence that the item specified herein complies with the applicable laws and regulations as outlined on the reverse side of this Certificate, and approval is hereby given. This approval shall be in effect until the expiration date hereon unless sooner canceled or suspended by proper authority.

GIVEN UNDER MY HAND THIS 9th DAY OF
DECEMBER 2020, AT WASHINGTON D.C.

Chief, Engineering Division
BY DIRECTION OF THE COMMANDANT

TERMS: The approval of the item described on the face of the Certificate has been based upon the submittal of satisfactory evidence that the item complies with the applicable provisions of the navigation and shipping laws and the applicable regulations in Title 33 and/or Title 46 of the Code of Federal Regulations. The approval is subject to any conditions noted on this Certificate and in the applicable laws and regulations governing the use of the item on vessels subject to Coast Guard inspection or on other vessels and boats.

Consideration will be given to an extension of this approval provided application is made 3 months prior to the expiration date of this Certificate.

The approval holder is responsible for making sure that the required inspections or tests of materials or devices covered by this approval are carried out during production as prescribed in the applicable regulations.

The approval of the item covered by this certificate is valid only so long as the item is manufactured in conformance with the details of the approved drawings, specifications, or other data referred to. No modification in the approved design, construction, or materials is to be adopted until the modification has been presented for consideration by the Commandant and confirmation received that the proposed alteration is acceptable.

NOTICE: Where a manufacturer of safety-at-sea equipment is offering for sale to the maritime industry, directly or indirectly, equipment represented to be approved, which fails to conform with either the design details or material specifications, or both, as approved by the Coast Guard, immediate action may be taken to invoke the various penalties and sanctions provided by law including prosecution under 46 U.S.C. 3318, which provides:

"A person that knowingly manufactures, sells, offers for sale, or possesses with intent to sell, any equipment subject to this part (*Part B. of Subtitle II of Title 46 U.S.C.*) and the equipment is so defective as to be insufficient to accomplish the purpose for which it is intended, shall be fined not more than \$10,000, imprisoned for not more than 5 years or both."
