

Homeport Course Completion Data Upload (UPDATE)

On February 15, 2022, we [reported](#) intermittent failure of the Homeport application, referred to as MTAD, to match course completion records to the Merchant Mariner Licensing and Documentation system. That error has been resolved and consistent function restored. Users should continue to use the comma separated values (CSV) option to upload course completion data.

Training providers are strongly encouraged to use this system to report course completions to the Coast Guard. To request an account or download operating instructions, see the National Maritime Center [website](#).

If you have any questions, concerns, or feedback, contact the NMC Customer Service Center by e-mailing IASKNMC@uscg.mil or calling 1-888-IASKNMC (427-5662).

Sincerely,

/B. W. Clare/

Bradley W. Clare
Captain, U.S. Coast Guard
Commanding Officer
