Restricted Tankerman PIC (Barge) Restricted to Tank-cleaning and Gas-freeing Facility	13.111		✓
Letter, dated within 5 years of application, on company letterhead from the operator of the facility stating OSHA considers the applicant a competent person and the applicant has knowledge necessary to supervise tank-cleaning and gas-freeing. The letter must state the applicant is capable of speaking and understanding, in English, all instructions needed to commence, conduct, and complete a transfer of cargo, and of reading and understanding the English found in the Declaration of Inspection, vessel response plans, and Cargo Information Cards. The restriction is limited to the facility and location from which the letter originated, it must be a facility, not a training center or main office.			
If per Sector Houston-Galveston per MSIB 13-22 - Must include 10 Transfers with at least 5 commencement of discharge and 5 conclusions of discharge. Loading are not applicable and transfers must be documented per 13.127. NOTE: Other OCMI approved Tank-cleaning and Gas-Freeing endorsements do not require transfers.			
1. Firefighting is not required. 2. The endorsement is limited to vessels within the boundary line and is not valid where STCW certification is required.			

Note 1: Service and transfers on MSC T-AOE and T-AKE vessels is acceptable. MISLE normally notes Tankerman on board.
