

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-01]

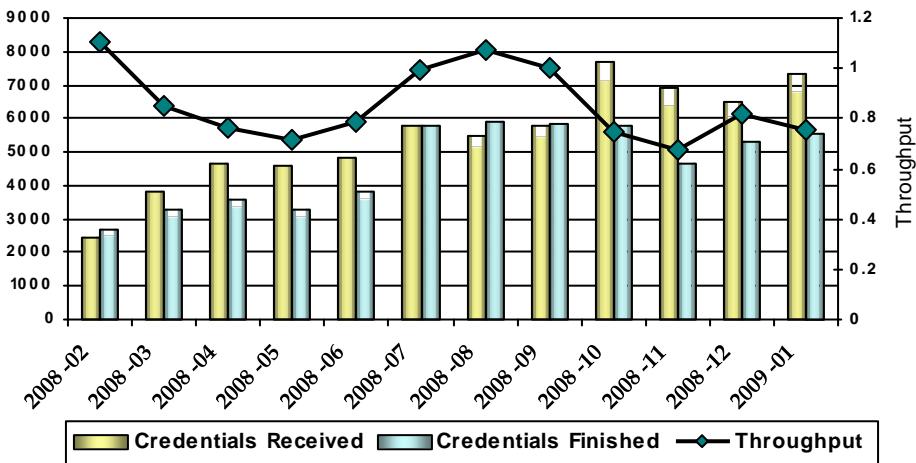

Merchant Mariner Credential Application Inventory

Current Inventory = 15093

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

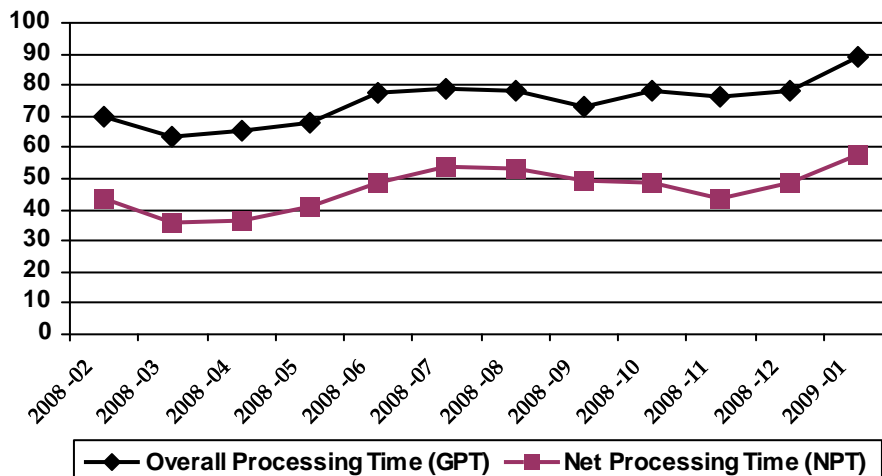

Merchant Mariner Credential Application Throughput

Current Throughput = 0.75

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued, denied, withdrawn, and timed out are included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 57.87

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

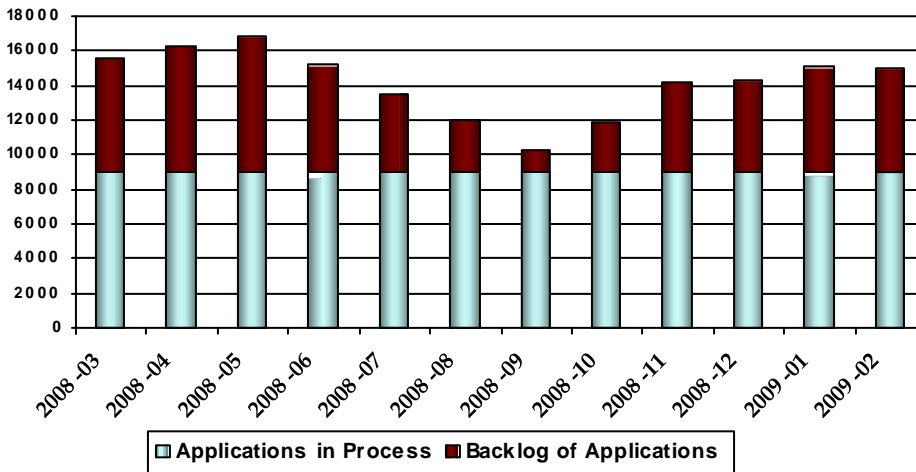

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-02]

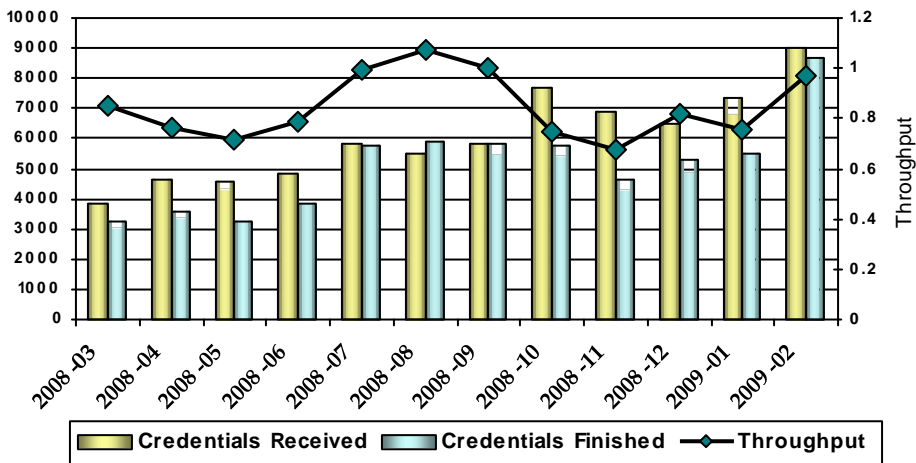

Merchant Mariner Credential Application Inventory

Current Inventory = 15043

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

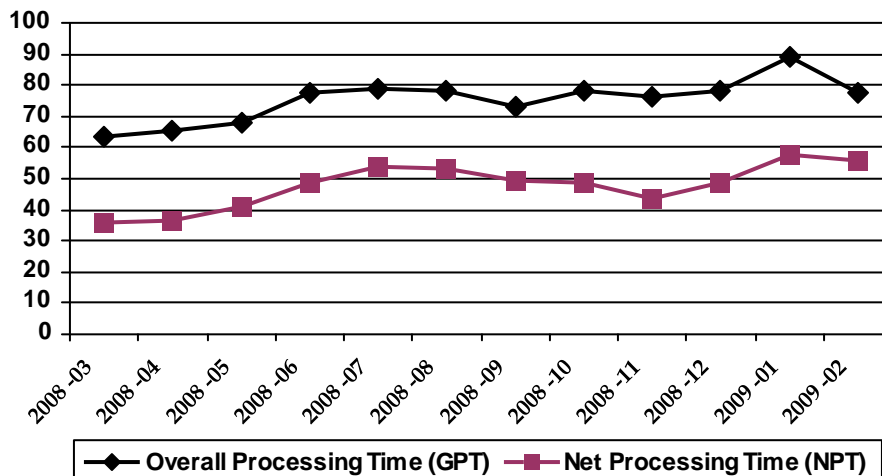

Merchant Mariner Credential Application Throughput

Current Throughput = 0.97

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued, denied, withdrawn, and timed out are included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 55.89

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

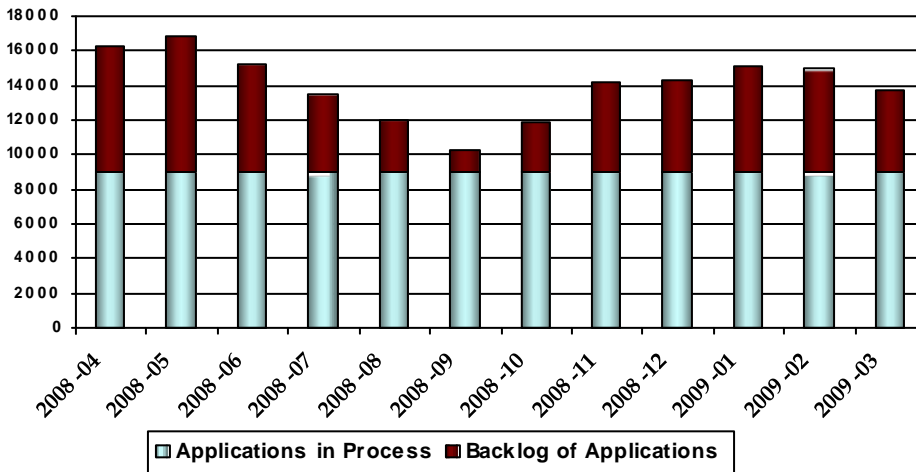

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-03]

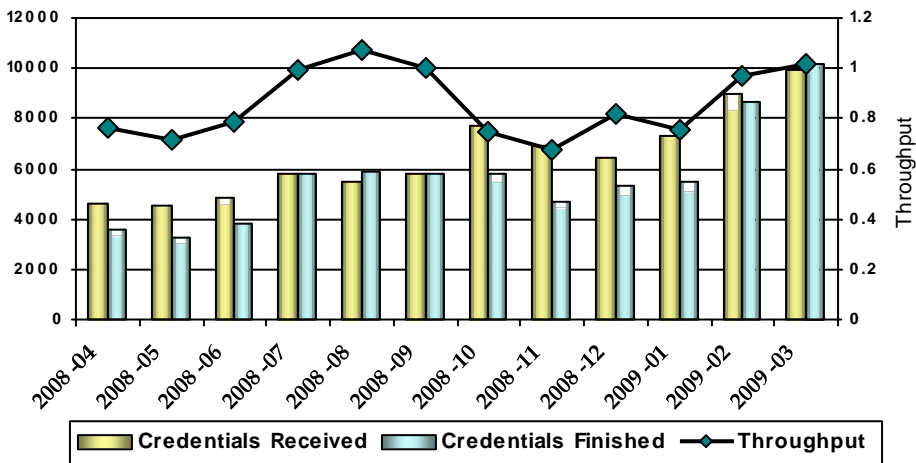

Merchant Mariner Credential Application Inventory

Current Inventory = 13690

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

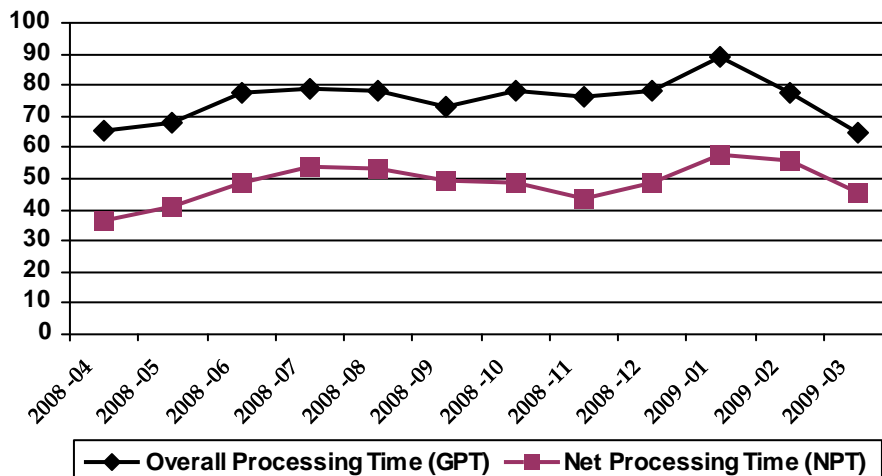

Merchant Mariner Credential Application Throughput

Current Throughput = 1.02

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued, denied, withdrawn, and timed out are included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 45.20

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

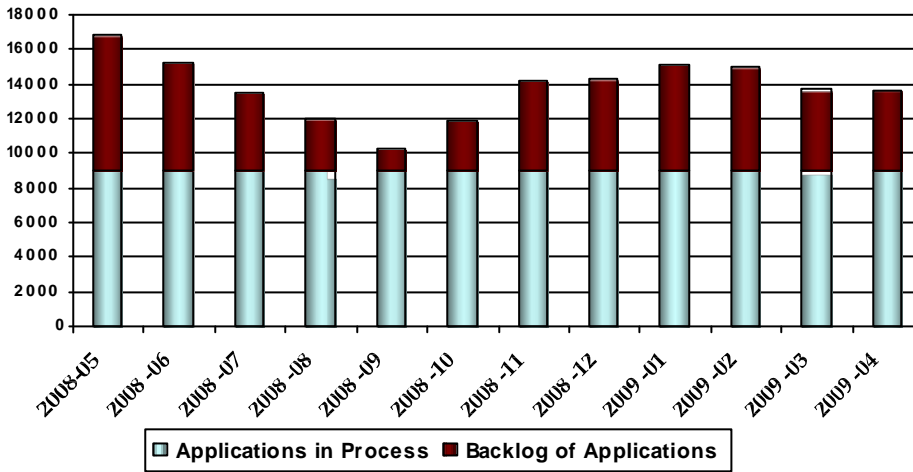

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-04]

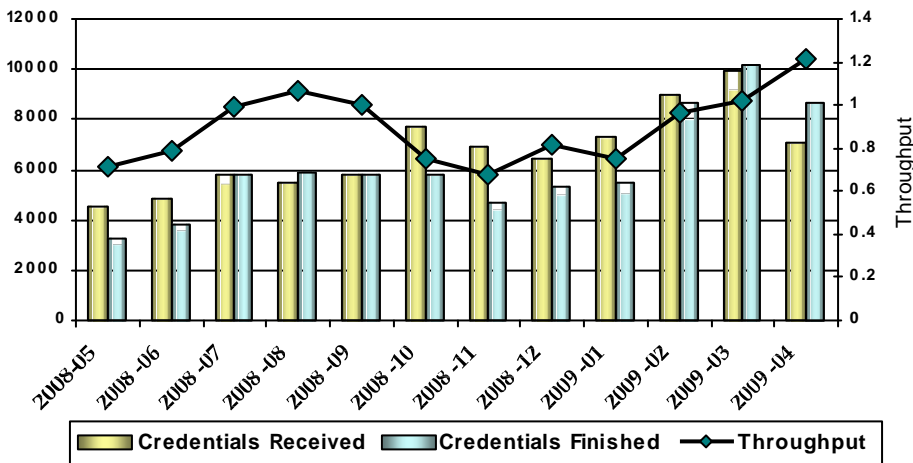

Merchant Mariner Credential Application Inventory

Current Inventory = 13640

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

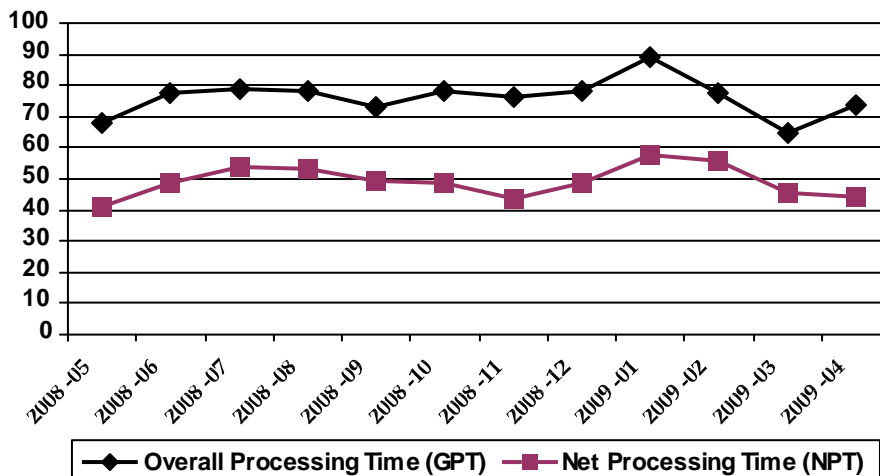

Merchant Mariner Credential Application Throughput

Current Throughput = 1.22

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued, denied, withdrawn, and timed out are included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 44.30

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

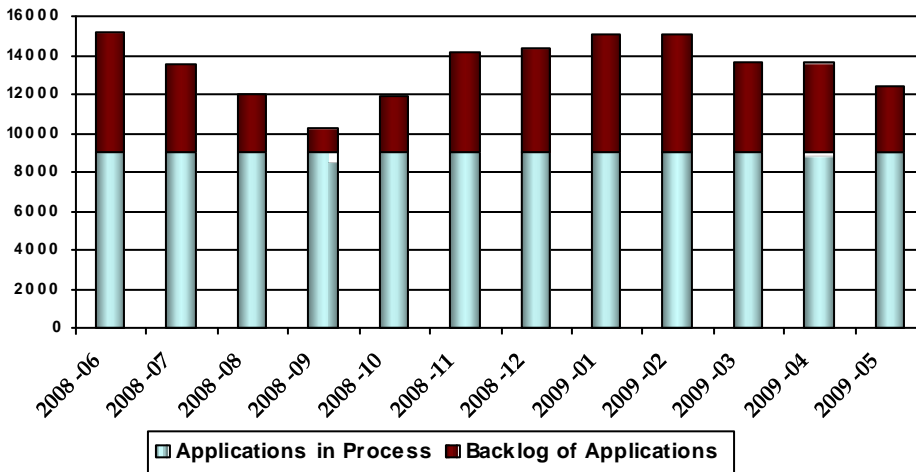

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-05]

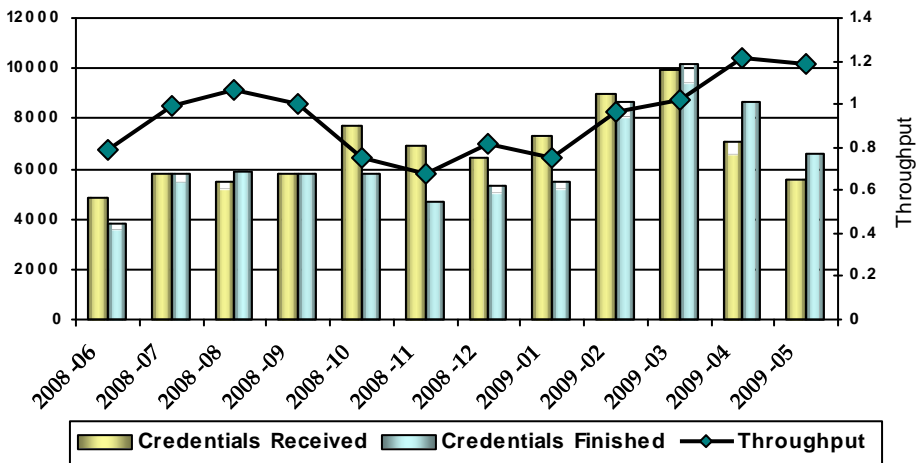

Merchant Mariner Credential Application Inventory

Current Inventory = 12383

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

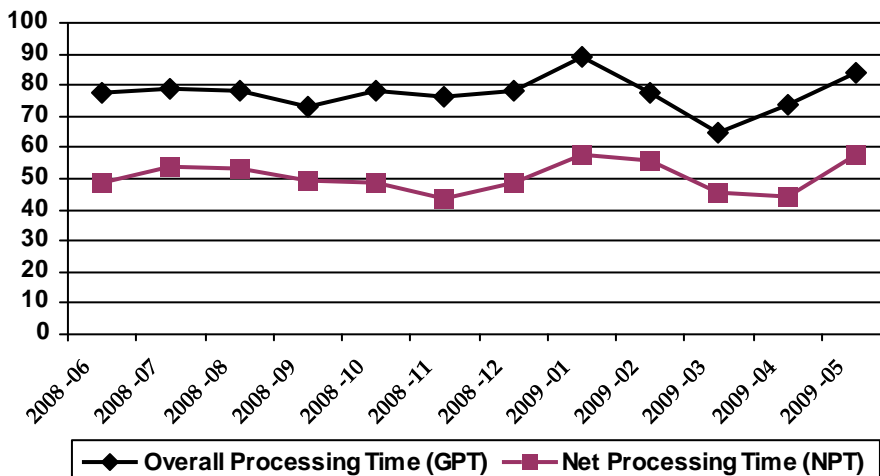

Merchant Mariner Credential Application Throughput

Current Throughput = 1.19

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued, denied, withdrawn, and timed out are included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 57.92

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

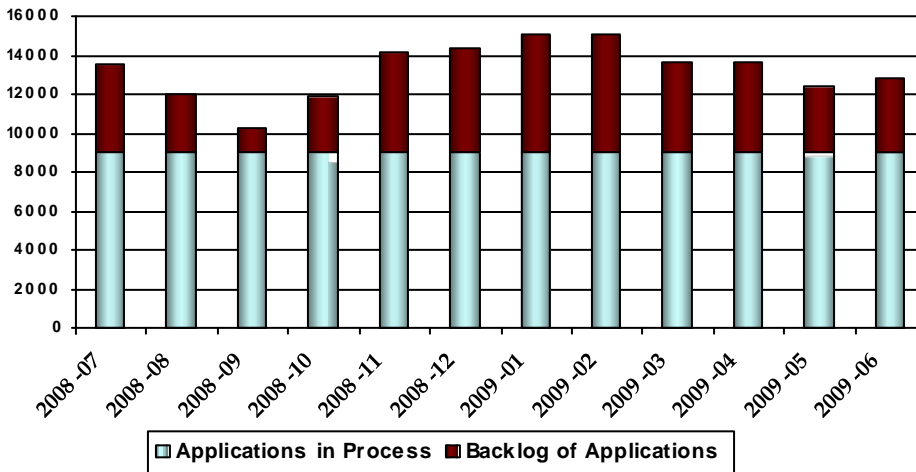

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-06]

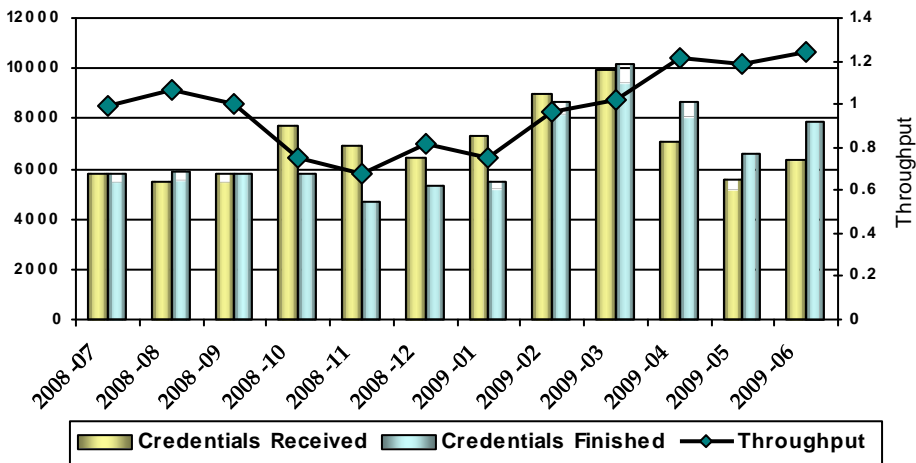

Merchant Mariner Credential Application Inventory

Current Inventory = 12844

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

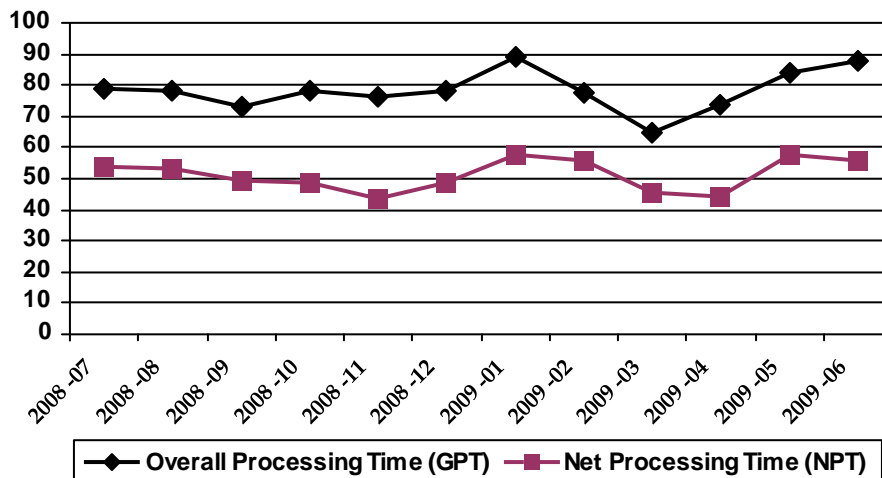

Merchant Mariner Credential Application Throughput

Current Throughput = 1.24

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued, denied, withdrawn, and timed out are included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 55.68

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

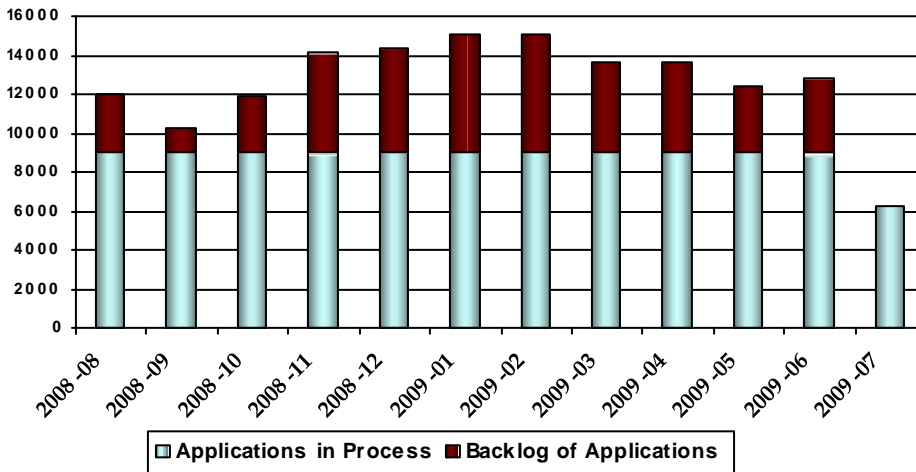

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-07]

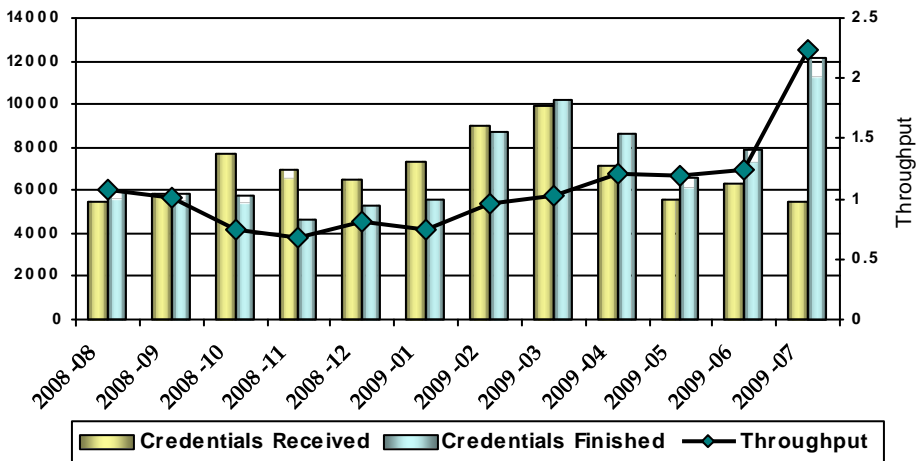

Merchant Mariner Credential Application Inventory

Current Inventory = 6289

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

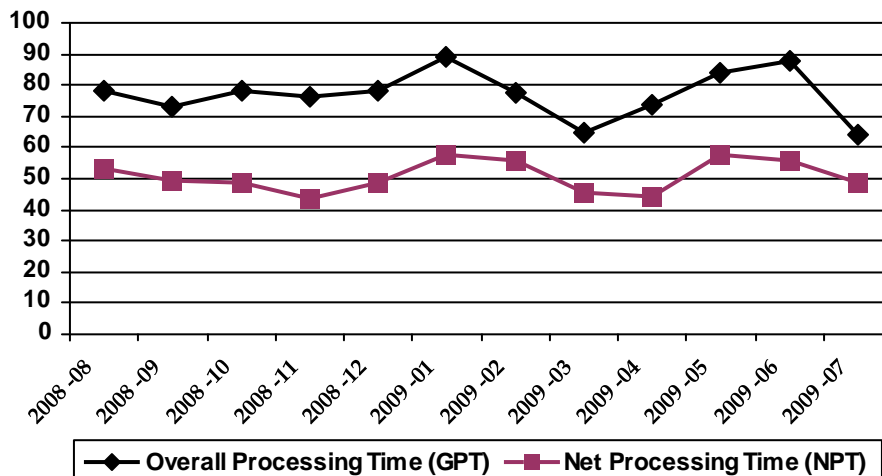

Merchant Mariner Credential Application Throughput

Current Throughput = 2.23

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued, denied, withdrawn, and timed out are included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 48.44

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

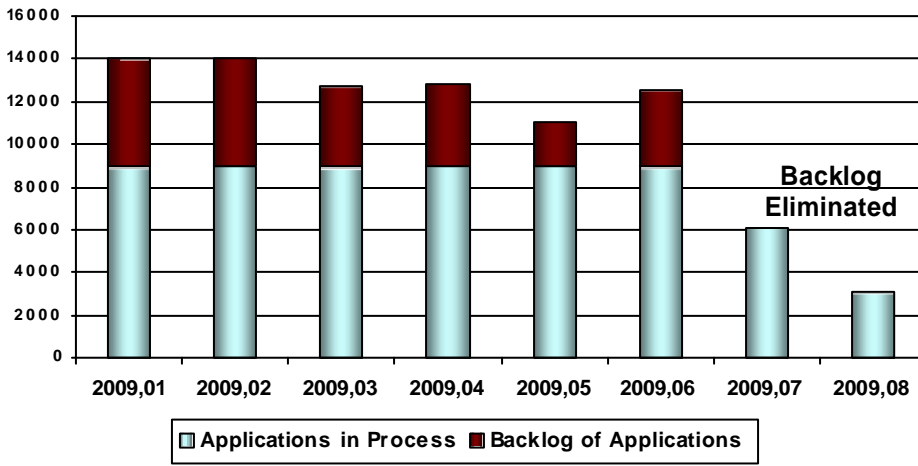

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009,08]

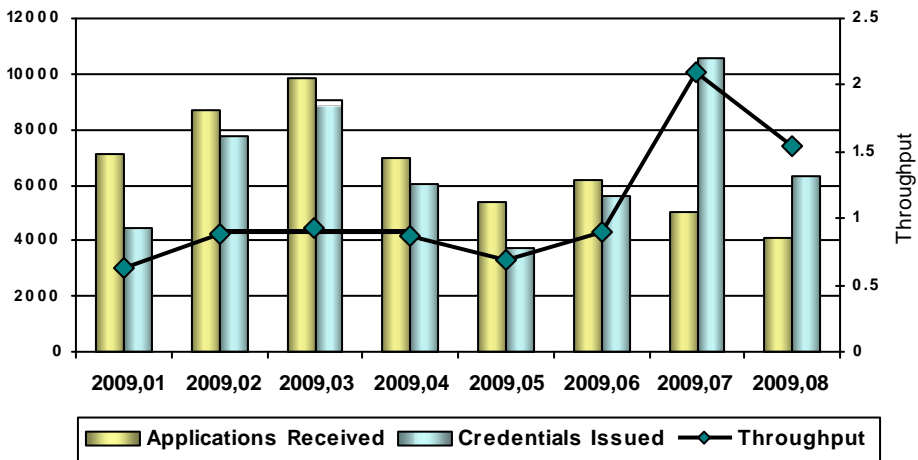

Merchant Mariner Credential Application Inventory

Current Inventory = 3097

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

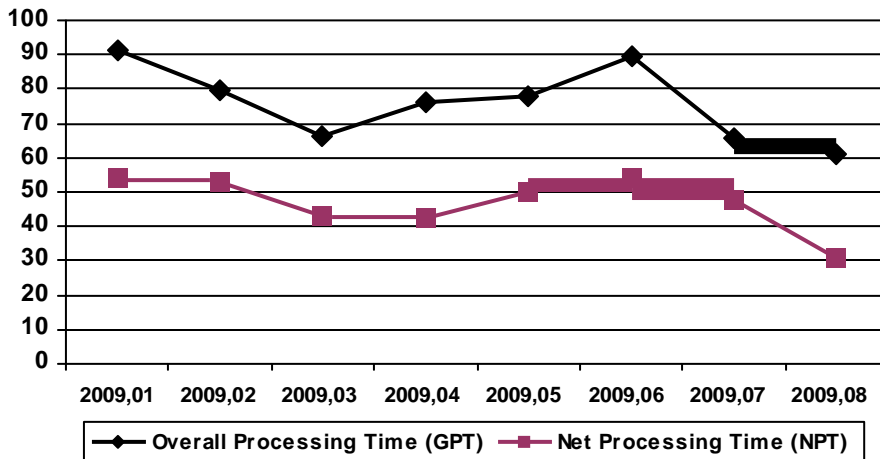

Merchant Mariner Credential Application Throughput

Current Throughput = 1.54

Mariner Credential Throughput is a ratio of the total number of credentials finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of applications received and credentials issued is included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 30.79

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

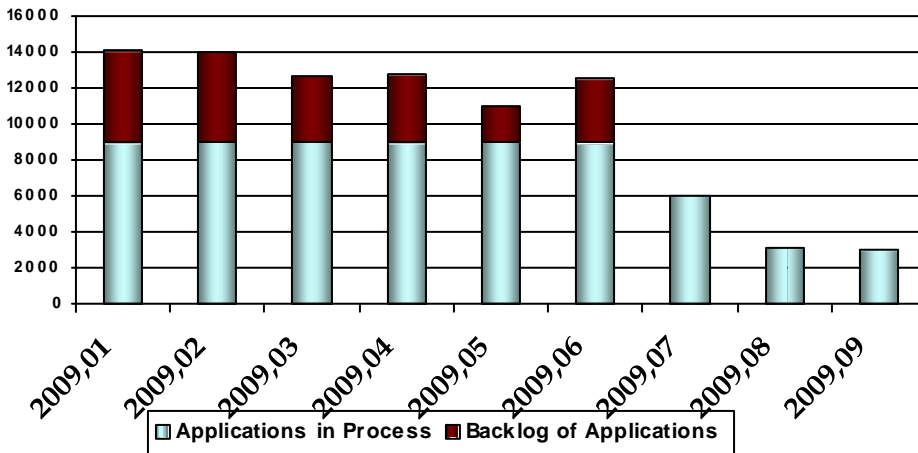

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009,09]

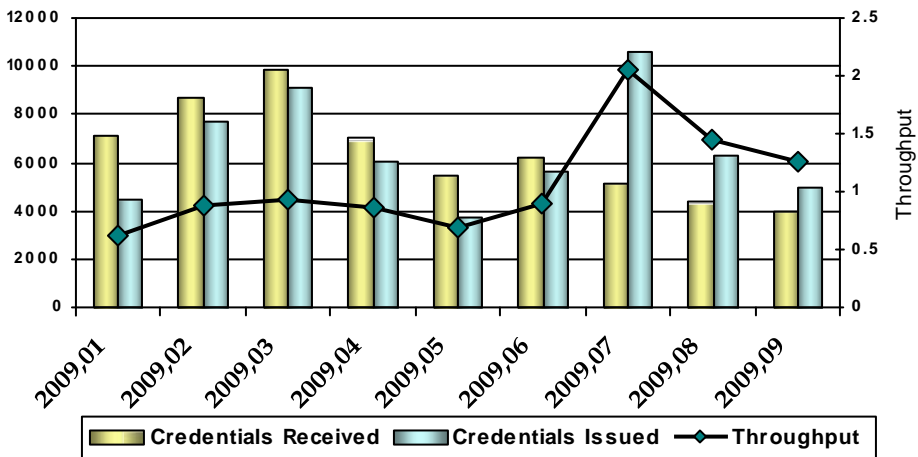

Merchant Mariner Credential Application Inventory

Current Inventory = 3014

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

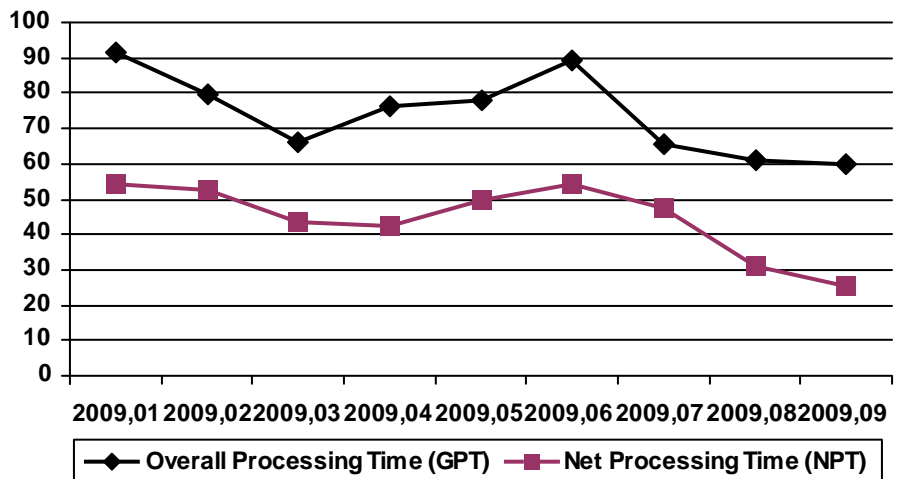

Merchant Mariner Credential Application Throughput

Current Throughput = 1.26

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of greater than .9. The total number of credentials received and credentials issued is included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 25.50

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

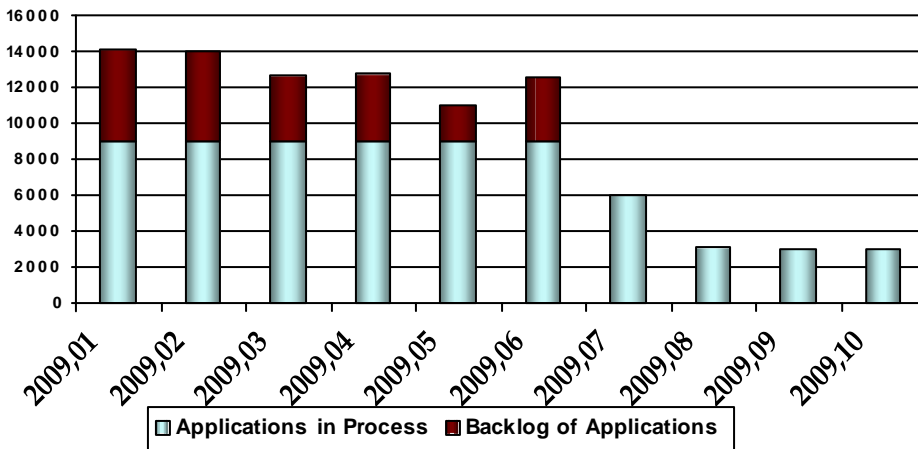

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009, 10]

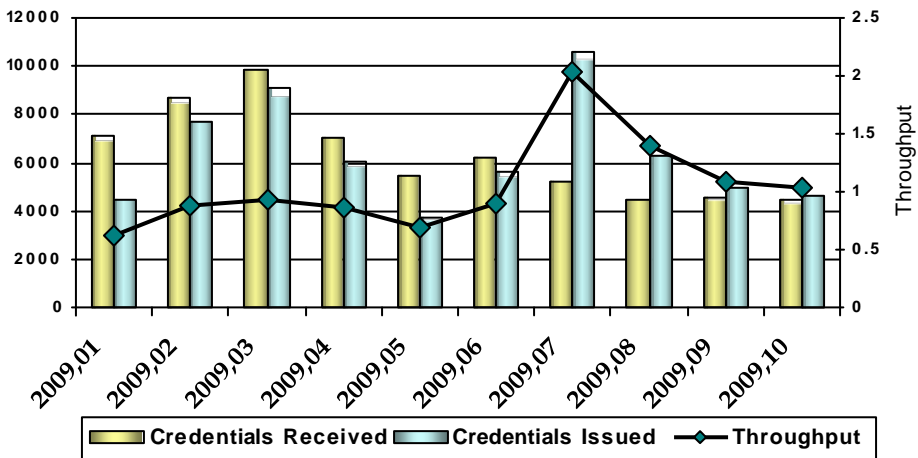

Merchant Mariner Credential Application Inventory

Current Inventory = 3009

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

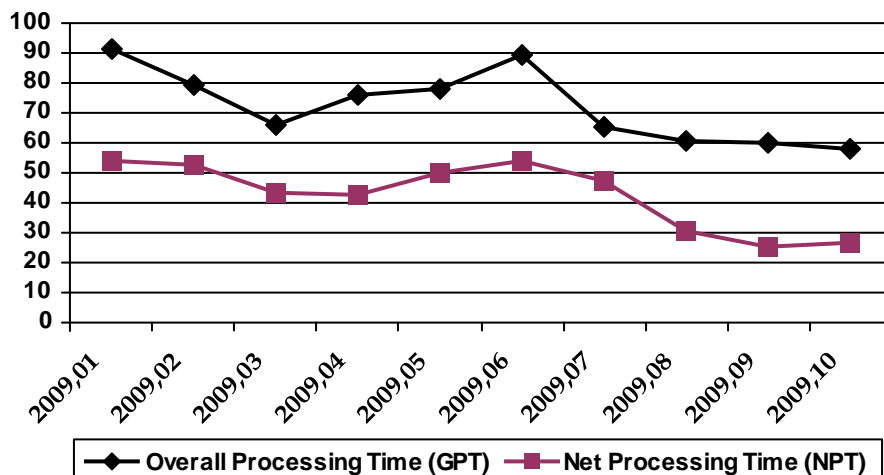

Merchant Mariner Credential Application Throughput

Current Throughput = 1.04

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued is included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 26.77

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

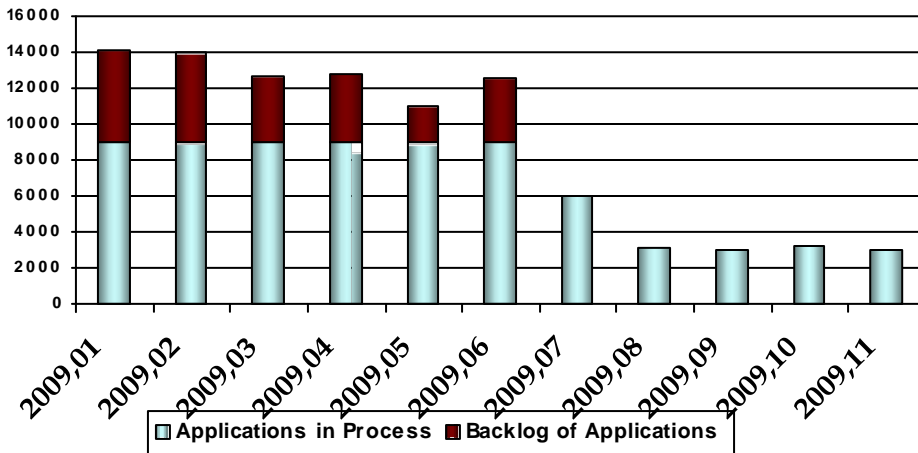

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009,11]

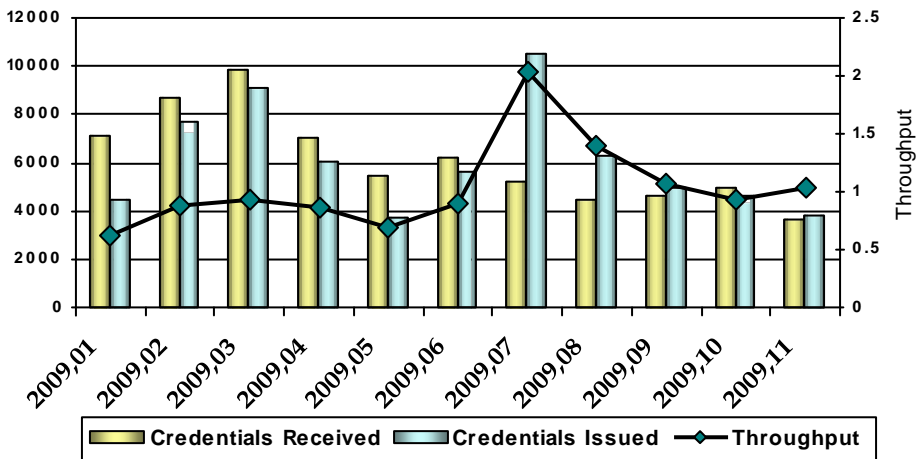

Merchant Mariner Credential Application Inventory

Current Inventory = 2952

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

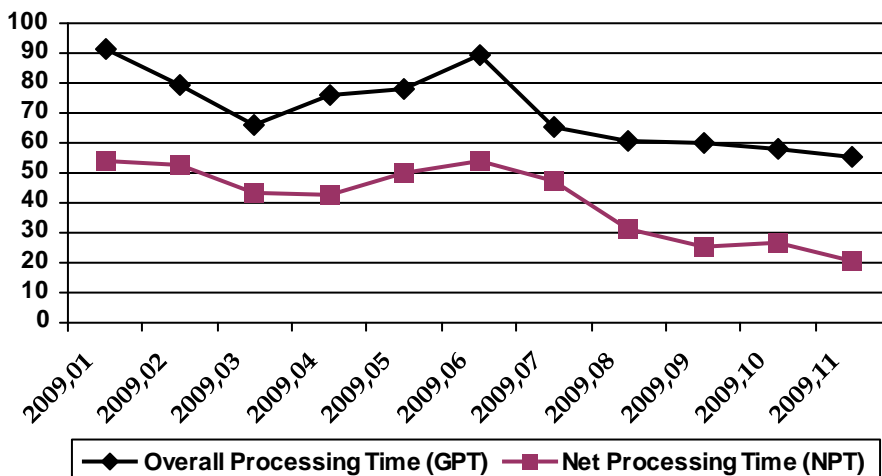

Merchant Mariner Credential Application Throughput

Current Throughput = 1.03

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued is included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 20.86

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.

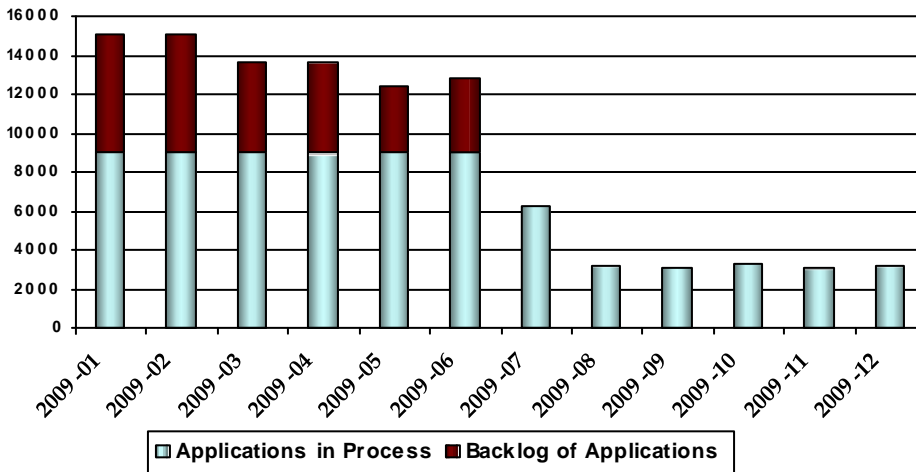

National Maritime Center's Monthly Report on the Performance of the Mariner Credentialing Program

Month of Performance [2009-12]

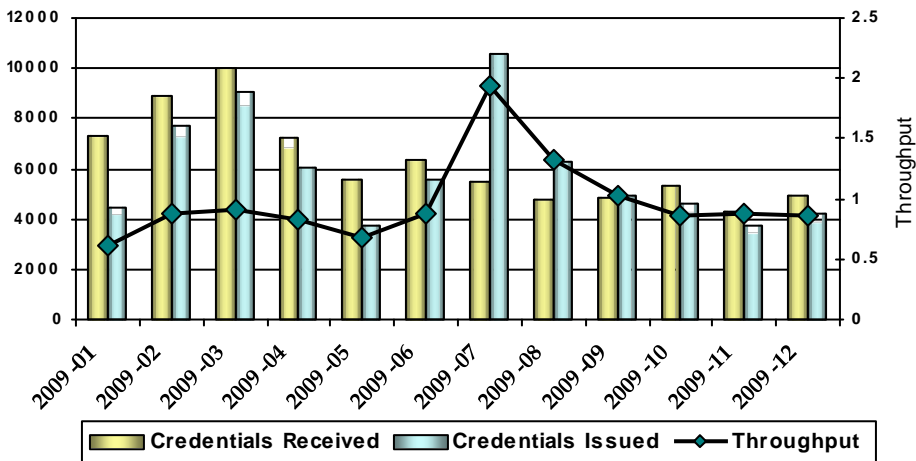

Merchant Mariner Credential Application Inventory

Current Inventory = 3178

Mariner Credential Application Inventory is the total number of applications in the Mariner Credentialing Program that are currently being processed. The NMC has set a goal of 9,000 applications or less in the system at any given time. Backlog of Applications refers to the number of applications in excess of that goal.

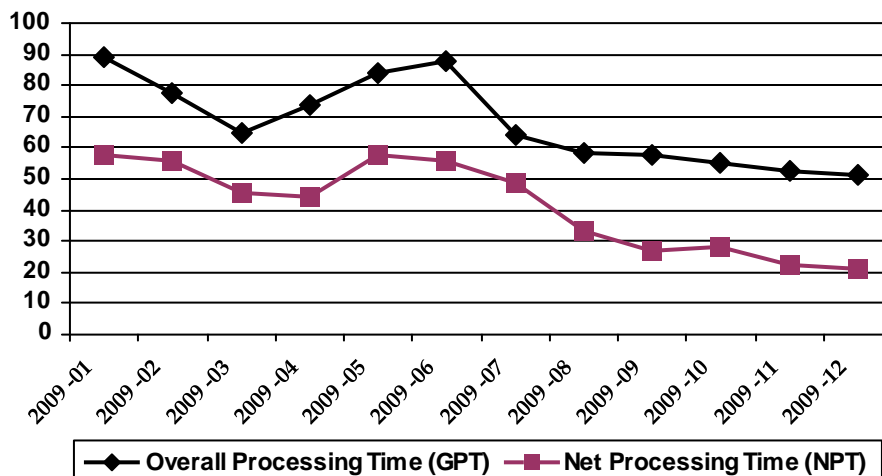

Merchant Mariner Credential Application Throughput

Current Throughput = 0.85

Mariner Credential Throughput is a ratio of the total number of applications finished divided by the total number of applications received. The NMC has set a throughput goal of 1.0 or greater. The total number of credentials received and credentials issued is included in this measurement.

Merchant Mariner Credential Processing Time

Current NPT = 21.37

Mariner Credential Processing time is measured in terms of overall processing time (application submitted date to issued date), and net processing time (NPT). NPT is the total time the Coast Guard spends processing the application and does not include time waiting for information from mariners. The NMC has set a NPT goal of 30 days.
