

U.S. Coast Guard Towing Vessel National Center of Expertise

Lieutenant David M. Schneider serves as the National Technical Advisor, Towing Vessel National Center of Expertise (TVNCOE), with over 18+ years of military service. Prior to this assignment, he served as the Chief, Inspections Division at Sector Ohio Valley in Louisville, KY, from 2018 to 2021, where he oversaw passenger vessels, petrochemical tank barges, and towing vessel inspections on the Ohio River and its tributaries.

From 2015 to 2018, he served as both the Domestic and Port State Control Branch Chief at Sector LA/LB in San Pedro, CA, and from 2012 to 2015 as a Duty Marine Inspector at Sector New Orleans. During that time, he has attained numerous domestic vessel inspection qualifications and foreign vessel examiner qualifications and serves as an Advanced Journeyman Marine Inspector.

Prior to becoming a Marine Inspector, he completed over 10 years enlisted service in the Coast Guard as an Avionics Electrical Technician (AET) and an Aircrew member on the C130H and C130J model aircrafts in Elizabeth City, NC, and Clearwater, FL. Additionally, LT Schneider has earned a Master's degree in Organizational Leadership, a Bachelors in Management, and an Associates in Electronics Engineering.
