

# TUGSAFE INTERNATIONAL ADDENDUM

Guidelines for Inspected Towing Vessels Under 300 GRT

Date: \_\_\_\_\_

This job aid provides guidance for applicability of international conventions on towing vessels required to comply with 46 CFR Subchapter M that operate internationally. Requirements are based on length, build date and a tonnage measurement system. [NVIC 11-93 Change 3](#) provides Coast Guard guidance on applicability of tonnage measurement systems.

Vessel Name: \_\_\_\_\_ Official Number: \_\_\_\_\_

Overall Length: 79 feet or more.      Convention Length: 79 feet or more.      Assigned GT-ITC tonnage: 300 to 399.
