RE: Proof of Ownership & Consultant/Agent Authorization
USCG Bridge Permit Application Package
BNSF Bridge 3.1 (Sandpoint Junction Connector Project) in Bonner County, ID

Dear Mr. Greene:

I, Matthew Keim, BNSF Railway (BNSF) Manager Engineering, hereby certify that BNSF is the owner of the structure located in the BNSF Northwest Division, Kootenai River Subdivision, Line Segment 45, at Milepost 3.1 in Sandpoint, Idaho, known as "BNSF Bridge 3.1".

I have authorized Pierre Bordenave, Director of Environmental Services Group-Rail at Jacobs, to represent BNSF as the Consultant/Agent for this project.
Communications regarding additional permit information or other permit issues for this application should be made to:

<input type="checkbox"/>	Property Owner
<input type="checkbox"/>	Applicant/Agent
<input checked="" type="checkbox"/>	Both

Further, access to the land or property this for which this permit application is being submitted is available to public agencies with jurisdiction; however, for security and safety reasons, access must be coordinated and organized through BNSF.

Sincerely,

A handwritten signature in blue ink, appearing to read "Matt Keim", written over a horizontal line.

Matt Keim
Manager Engineering
BNSF Railway

cc: P. Bordenave, Jacobs
